## THE ADVANTAGES OF UCSC

(From UCSC website and Wikipedia)

- UC Santa Cruz is renowned for world-changing research in biomolecular engineering, physics, marine sciences, environmental sciences, astronomy and astrophysics, and international economics. UCSC was the first school in the UC system to offer the degree in computer game design.
- UCSC has 13 members of the National Academy of Sciences, 26 fellows of the American Academy of Arts and Sciences, and 35 fellows of the American Association for the Advancement of Science.
- Nearly 100 percent of freshmen live on campus and choose one of 10 residential colleges to join. College affiliation is independent of choice of major. Every college community includes students with diverse backgrounds and academic goals.
- In addition to its outstanding beauty, the campus benefits from its strategic location near Silicon Valley and the Monterey Bay National Marine Sanctuary, offering students numerous opportunities for research and internships.
- The student-faculty ratio at University of California--Santa Cruz is 18:1, and the school has 46.2 percent of its classes with fewer than 20 students. The average freshman retention rate, an indicator of student satisfaction, is 90 percent.
- Located in California, being in proximity to Asia, it is a most favorite destination of choice among Chinese. Well-known for its warm and sunny weather, its temperature ranges from an average of 50F in January to an average of 85F in July. It enjoys (on average) 300 days of sunshine per year.
- Known as a hi-tech hub, California is home to many world renowned hi-tech companies including Apple, Facebook, Google, Oracle, Cisco, etc... This generates a lot of demand for university graduates.
